

PRATT INDUSTRIES, INC.

Financing:

An equipment loan can help you acquire the equipment you want without draining the cash you need for other things. Equipment loans are term loans specifically designed for the acquisition of new or used equipment. It appeals to customers with longer-term equipment needs. Financing can be used for a wide range of transportation, industrial and manufacturing equipment.

Benefits of Financing:

- Loan structures to meet your cash flow requirements
- Borrower is legal owner of equipment.
- Preserves cash and working capital.
- Preserves bank lending capacity.
- Builds equity with every payment.
